The HHHA Board and specifically the Mineral Rights Lease / Royalty Committee is a volunteer effort by the property owners in your neighborhood and strongly believe that it is mutually beneficial to band together, in order to address our personal and civic interest regarding our mineral rights negotiations. The HHHA will work without compensation and shall be held harmless while working on the behalf of the registered property owners to negotiate lease agreements with one (1) or more energy / gas companies and / or their agents. It is the intent of the HHHA to negotiate the best deal possible, not only monetarily, but environmentally responsible. The HHHA will present to the registered property owner(s), for their personal consideration, any and all submitted agreements. Each property owner should conduct their own research and seek the advice of legal, financial or mortgage professionals before accepting or rejecting any lease offer. In no case should the information presented by the HHHA be construed as legal or professional advice.
